while being worked must be paid for by the participant whose dog  
is working stock at that time

## THINGS TO REMEMBER

Chair **Buckle collar** when working

Old shoes

Crate/Exercise pen

Dress for weather

Water (lots if hot)

Shade for you/dog (tree cut down)

Leash

Dogs should not be near pen until shortly before their turn, so they don't get themselves or the sheep too excited.

Please use exercise area and pick up after your dog.

Porto potty provided for the rest of us.

## OTHER RULES TO FOLLOW

1. All dogs must be 6 months of age or older.
2. All dogs must be current on their vaccinations (or titer) and parasite free.
3. All dogs must be leashed (NOT FLEXI PLEASE) or crated except when working.
4. Livestock seriously injured while being worked must be paid for by the participant working stock at that time.
5. Bitches in season may participate in the clinic, but will run last

**What will I do?** Your dog will be put on a 6-foot soft rope and go in the pen with the Tester. Shannon will help introduce your dog to the sheep and help him/her do its best. Your dog may want you in there also, and then Shannon will help you work your dog. You will have a blast and a day to remember.

The order in which the dogs run is dependent upon the time your entry is received, and we change livestock approximately every third dog. It will take approximately 3-4 hours to work all 25 dogs...It is great fun to watch the dogs "turn on" to the livestock.
