## **CODE OF ETHICS**

**Nova Scotia Duck Tolling Retriever Club (USA)**

**Approved 1996 - Updated 2023**

- I subscribe to the purpose of the NSDTRC (USA) as set forth in the Bylaws and will abide by the rules set down by the Club.
- I will acquaint myself with the NSDTRC (USA) approved Breed Standard for the NSDTR (Toller), and with principles of good health and grooming for the breed.
- I will exhibit sportsmanlike conduct — both spoken and written — before, during and after all events and will encourage others to do so. I will uphold the AKC Code of Sportsmanship and will refrain from spoken and written public criticism and malicious degrading of people and their dogs.
- I will ensure humane treatment, including proper feeding, maintenance, health care, and training, for all my animals and will encourage others to do the same.
- I will commit myself to continue education in matters pertaining to the care and training of the Toller.
- If I breed, I will strive to improve the Toller breed according to the NSDTRC Breed Standard. I will conscientiously plan each breeding, choosing only parents of appropriate temperament, appearance, and other desirable qualities.
- I will become aware of genetic defects that can be harmful to the breed. When breeding, I will endeavor to select animals that will reduce the incidence of genetic problems while enhancing the positive attributes and abilities of the breed. I will be open with all persons interested in the welfare of the Toller and will discuss possible physical or temperament defects in my own stock.
- I will act responsibly in regard to all puppies produced by my breeding for the lifetime of the puppies.
- I will never knowingly sell to or place a Toller with unethical persons or those who would not provide proper and humane care to the dog. I will refuse to sell any Toller to any pet shop or to any wholesale dealer in dogs.
- Should I become aware of the mistreatment, abuse, or need for relocation of any Toller, I will make every effort to be of assistance by notifying the breeder of the dog involved and the appropriate local authorities, and I will assist in any other manner in which I am able.

## *Field*

It is an honor to be selected to judge the Toller National. I have good friends with Tollers and it was my honor to present a Master Amateur plate to the first Toller to qualify at the Master Amateur.

I have trained and titled as Master Hunters 6 Labradors and 3 Standard Poodles. Tye, the first Poodle AKC Champion to hold MH, MHU, and HRCH titles. I now have his son, who completed his

Started, Seasoned, Junior, Senior, UH title and has 2 HRCH passes. My Labrador is a MH,HRCH and will compete in Qualified All Age this year.

I have judged the Master National 3 times and the Master Amateur National. My life and career have always revolved around dogs and horses. I retired after 30 years at the University of Minnesota Veterinary School as a Veterinary Rehab Practitioner where I established the Canine and Equine Rehab Center. I am the author of *Canine Structure Performance and Conditioning*,

Over the years, I have met so many wonderful people and made friends across the country. There is nothing I like better than watching dogs work at what they love...

## Ronda Bermke

*Agility/Rally/  
Obedience/Juniors*

Canines and the sport of pure-bred dogs have always been a big part of my life. I grew up participating in dog events with my mother and, with the exception of college life, have never been without a dog. My very first AKC licensed show was in 1979 with my Shetland Sheepdog. Since then I have “grown up” and

established my own kennel, White Ridge, located just outside of Green Bay, WI.

I am married to Rob and we have one son, Sam. Currently we share our home with Standard Longhaired Dachshunds and Border Collies. I am involved and titled my dogs in multiple AKC venues, including conformation, agility, obedience, rally, scent work, herding, and earthdog work.

In 2011 I became an AKC agility judge and soon followed with my junior showmanship license, rally license and conformation license to judge dachshunds and a limited number of other breeds in the conformation ring from the Herding, Working and Hound groups. I appreciate and delight in watching each and every team that steps through my ring gates.

Best of luck to you in whatever ring your dog takes you to! Thank you for the opportunity to judge your national!

## Susan Steffey

*Field*

My admiration for Tollers began in the late 1990's when I had the pleasure of meeting Peggy and Jack Park and their amazing dog Sailor. The skill set of the Toller is unlike any

of the other retrieving breeds and I am in awe of their ability to switch seamlessly from birds to bumpers, balls or sticks for tolling. It has been fun to watch both dogs and handlers evolve over the years and the progress is astounding.

I began judging AKC hunt tests in 2006 and over the years I have judged a number of WC/WCI and WCX tests for Tollers. I've traveled a lot of miles, met some great people and had the pleasure of training a number of my own retrievers for AKC and UKC hunt tests. Obedience is also in the mix while keeping my job as a residential real estate appraiser. It still gives me a thrill to watch retrievers doing the job that they were bred to do. Junior, Senior and Working Certificates are my favorite stakes since they are the foundation and the future of our sport.

I am honored to be judging at the **2025 Nova Scotia Duck Tolling Retriever National Specialty**.

## Cathi Blackburn

*Field*

I am honored to have been asked to judge by the Nova Scotia Duck Tolling Retriever Club at your 2025 national specialty.

I have seemingly been interested and entertained by dogs my entire life having had my first, a Collie, at the age of three. I acquired my first competition dog, a Belgian

Tervuren, in 1988 and the competition bug bit hard. That first Tervuren and I obtained titles in agility, conformation, obedience, tracking and even a Schutzhund endurance title. My adventures in hunt tests began with my first Labrador Retriever in 2001. He excelled in several sports – retrieving, agility, obedience. Over the years my dogs have earned the following titles – MACH, PACH, U-OCH, GRCH, MH, UDX, OM, UGRACH, GRHRCH, TD, MNH, Sch-AD, earned a 200 in obedience, and have placed at national competition. I now own a Labrador Retriever and a Belgian Malinois.

In my professional life I was an art professor and I create drawings and paintings.

Again, I thank the Nova Scotia Duck Tolling Retriever Club – USA for inviting me to judge.

## Bonnie Hornfisher

*Obedience*

Bonnie started training dogs when she was 13 years old, earning her first AKC obedience title at age 15. She started by taking the family Golden Retriever to a community education class surrounded by adults. At the conclusion of the session her

parents were encouraged to enroll the team in 4-H dog class, and she continued to train that Golden with 4-H until she left home to attend college.

Besides her dogs, Bonnie shares her life with husband, Russ, also an obedience and rally judge. Initially, they purchased Golden Retrievers from a well-respected AKC breeder. Since 1998 they have fostered, adopted, and trained dogs that were abandoned at shelters, rescue groups, or left on the street. Their rescue companions included goldens, tollers, and mixed breeds. She has titled dogs in obedience, rally, and agility, and has been active in two dog therapy groups. Living in four states (Michigan, Colorado, Iowa, and Tennessee), the dog community has been a major source of friendships.

On a side note, Bonnie is a retired pharmacist, her career spanned pharmaceutical sales, hospital, and retail pharmacy.

She hopes everyone enjoys their time at Purina Farms, wishes them good luck and safe travels.

# Robyn Haskin

## *Conformation*

My name is Robyn Haskin, and I am a licensed Veterinary Technician who enjoys working in orthopedics and surgical anesthesia in Upstate New York. I purchased my first Chesapeake in 1991 and my first Duck Toller in 2008. I have been working hard on my program ever since.

I show, train, and breed Chesapeake Bay Retrievers and Nova Scotia Duck Tolling

Retrievers under the prefix Susquidilla Kennels. I love dogs who look like they can work all day in the field and dogs bred to do their job. I developed great relationships with other breeders and had some pivotal mentors who helped foster my understanding of conformation and breeding and guided me to becoming a judge.

I became an American Kennel Club Judge in 2008 for Chesapeakes, Tollers, and Junior Showmanship. I've judged dogs in the United States, Sweden, and England. I have participated in and worked at numerous hunt tests, obedience trials, and agility trials. I have chaired multiple successful National Specialties in various breeds in the North East and multiple supported entries; I have run huge All-Breed shows and work for Westminster Kennel Club. I continue to learn from others and I love to judge dogs and find pure joy working with our little redheads.

I am so honored to have been asked as a breeder judge to judge this year's National specialty.

**OPEN CLASS:** This class shall be for boys and girls who are at least 9 years old and under 18 years old on the day of the show, and who have won three first place awards in a Novice Class or if a win in Novice leads to a Best Junior with competition present it will count as one win towards moving to Open in a licensed or member show.

**MASTER CLASS:** This class will be for boys and girls who are at least 9 years old and under 18 years on the day of the show, and who have won the 10 Best Junior wins with competition.

### **NOVICE AND OPEN CLASSES DIVIDED:**

- **Intermediate** – 12 years old and under 15 years old on the day of the show
- **Senior** – 15 years old and under 18 years old on the day of the show

### **USE OF RAMPS**

A judge requesting the use of a ramp must give notice to the show superintendent/show secretary prior to judging. AKC approval is not required. The entire entry in a breed is to be examined in the same manner (ground, table, or ramp).

At the discretion of the judge, the following breeds may be judged on a ramp through all levels of competition: Nova Scotia Duck Tolling Retrievers.

This extends to all conformation competition at AKC conformation dog shows and any AKC event where a conformation title may be earned. This policy includes BIS, Junior Showmanship, the 4-6 Month Beginner Puppy Competition, the AKC National Owner-Handled Series (NOHS), and all other special attractions that offer BIS competitions. Ramps can be used in emergency situations to judge any breed.

In an emergency situation, where use of a ramp is not indicated in the premium list, an exhibitor has the option of withdrawing their entry and receiving a refund. For the judging of juniors the ramp may be used at the discretion of the judge for the ramp optional breeds (01/2021).

## **PEE WEE CLASS SPECIAL ATTRACTION**

---

Saturday September 6, 2025 – NO ENTRY FEE – JUDGE: Ms. Ronda Bermke The Pee Wee Special Attraction is a pre-Junior Showmanship class. The Pee Wee class is geared toward children 5–9 years of age. Safety is a primary concern. Each Pee Wee unit consists of the child, his/her parent/guardian/responsible adult, and the dog. Only one Pee Wee unit is in the ring at a time. This is not a competitive class, but rather a fun, learning experience for the child and the adult.

- A dog must be at least four months of age to enter the Pee Wee class.
- Bitches in season will not be allowed to participate. If pre-entered, a dog may be substituted that meets the eligibility requirements as specified by the club.
- All dogs entered must have the proper lead and collar.

A responsible adult must be present with the child both inside and outside the ring. The adult is to maintain control of the dog outside of the ring. The safety of both the dogs and Juniors inside and outside the ring is a primary concern. Outside of the ring, the dog is to be controlled by the adult accompanying the child. An additional lead, provided by the Club, will be at the Judge's table. At the Judge's discretion based upon the size of the child and the dog, for safety purposes the adult may be asked to attach a second lead to the dog so both child and adult will walk the dog together.

REGISTRATION WILL BE TAKEN AT THE SHOW SECRETARY'S TABLE WEDNESDAY STARTING AT 9:00 AM. EACH ENTRANT WILL BE REQUIRED TO FILL OUT AN ENTRY FORM. IN ADDITION TO AN ENTRY, A RELEASE MUST BE SIGNED BY THE CHILD'S PARENT OR LEGAL GUARDIAN. JUDGING WILL BE HELD AFTER CONFORMATION BITCH CLASSES. NO ENTRY FEE. Ribbon and prize for all entries.

## American Kennel Club Schedule of Points

---

For complete Conformation Championship requirements see Chapter 16 of the Rule Applying to Dog Shows. The Points toward a Championship shall be awarded to the Winners Dog and Bitch of each breed or variety based on the actual number of dogs or bitches competing in that breed or variety.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Breed or Variety, the dogs of both sexes that have been entered for Best of Breed or Variety competition and that have been defeated in such competition shall be counted in addition to the dogs that competed in the regular classes for its sex in calculating championship points.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Opposite Sex to Best of Breed or Variety, then the dogs of its own sex that have been entered for Best of Breed or Variety competition that have been defeated in competition for Best of Opposite Sex shall be counted in addition to the dogs that competed in the regular classes for its sex in calculating championship points.

After points have been computed for Winners Dog and Winners Bitch subject to the above two stipulations, the dog awarded the Best of Winners shall be credited with the number of points calculated for Winners Dog or Winners Bitch, whichever is greater. If no points are available for the Best of Winners, the number of regular class dogs in both sexes are added together and compared to the point schedule. If the total sum of regular class dogs and bitches meets or exceeds the number of competitors needed for one point in its sex, the Best of Winners will receive one championship point.

In counting the number of eligible dogs in competition, a dog that is disqualified or that is dismissed, excused or ordered from the ring by the judge, or from which all awards are withheld shall not be included. Any dog which shall have won fifteen points shall be come a Champion of Record, if six or more of said points shall have been won at two shows with a rating of three or more championship points each and under two different judges, and some one or more of the balance of said points shall have been won under some other judge or judges than the two judges referred to above.

## Breed Standard for the Nova Scotia Duck Tolling Retriever

---

**General Appearance.** The Nova Scotia Duck Tolling Retriever (Toller) was developed in the early 19th century to toll, lure, and retrieve waterfowl. The playful action of the Toller retrieving a stick or ball along the shoreline arouses the curiosity of the ducks offshore. They are lured within gunshot range, and the dog is sent out to retrieve the dead or wounded birds. This medium-sized, powerful, compact, balanced dog is the smallest of the retrievers. The Toller's attitude and bearing suggest strength with a high degree of agility. He is alert, determined, and quick, with a keen desire to work and please.

Many Tollers have a slightly sad or worried expression when they are not working. The moment the slightest indication is given that retrieving is required, they set themselves for springy action with an expression of intense concentration and excitement. The heavily feathered tail is held high in constant motion while working.

The Nova Scotia Duck Tolling Retriever Club (USA) feels strongly that all Tollers should have these innate abilities, and encourages all Tollers to prove them by passing an approved Nova Scotia Duck Tolling Retriever Club (USA) field test.

**Size, Proportion, and Substance.** Size: Height at the withers – males, 18-21 inches. The ideal is 19 inches. Females, 17-20 inches. The ideal is 18 inches. **Bone:** is medium. **Weight** is in proportion to the height and bone of the dog. The dog's length should be slightly longer than height, in a ratio of 10 to 9, but should not give the impression of a long back.

**Head: Skull:** The head is clean-cut and slightly wedge-shaped. The broad skull is only slightly rounded, giving the appearance of being flat when the ears are alert. The occiput is not prominent. The cheeks are flat. The length of the skull from the occiput to the stop is slightly longer than the length of the muzzle from the stop to the tip of the nose. The head must be in proportion to body size. Expression: The expression is alert, friendly, and intelligent. Many Tollers have a slightly sad expression until they go to work when their aspect changes to intense concentration and desire. **Eyes:** The eyes are set well apart, slightly oblique and almond in shape. Eye color blends with the coat or is darker. Eye rims must be self-colored or black, matching the nose and lips. **Faults:** large round eyes. Eye rims and/or eyes not of prescribed color. **Ears:** The high set ears are triangular in shape with rounded tips, set well back on the skull, framing the face, with the base held slightly erect. Ear length should reach approximately to the inside corners of the eyes. Ears should be carried in a drop fashion. Ears are short-coated, and well feathered only on the back of the fold. **Stop:** The stop is moderate. **Muzzle:** The muzzle tapers in a clean line from stop to nose, with the lower jaw not overly prominent. The jaws are strong enough to carry a sizeable bird, and softness in the mouth is essential. The underline of the muzzle is strong and clean. **Fault:** dish face. **Nose:** The nose is fairly broad with the nostrils well open, tapering at the tip. The color should blend with that of the coat, or be black. **Fault:** bright pink nose. **Disqualification:** butterfly nose. **Lips and flews:** Lips fit fairly tightly, forming a gentle curve in profile, with no heaviness in the flews. **Bite:** The correct bite is tight scissors. Full dentition is required. **Disqualifications:** Undershot bite. Wry mouth. Overshot by more than 1/8 inch.

**Neck, Backline, Body: Neck:** The neck is strongly muscled and well set on, of medium length, with no indication of throatiness. **Backline:** Level. **Faults:** roached or sway back. **Body:** The body is deep in the chest, with good spring of rib, the brisket reaching to the elbow. Ribs are neither barrel-shaped nor flat. The back is strong, short, and straight. The loins are strong and muscular, with moderate tuck-up. **Fault:** slack loins. **Tail:** The tail follows the natural very slight slope of the croup, is broad at the base, and is luxuriant and well feathered, with the last vertebra reaching at least to the hock. The tail may be carried below the level of the back except when the dog is alert when it is held high in a curve, though never touching the body. **Faults:** tail too short, kinked, or curled over touching the back. Tail carried below the level of the back when the dog is gaiting.

**Forequarters:** The shoulder should be muscular, strong, and well angulated, with the blade roughly equal in length to the upper arm. The elbows should work close to the body, cleanly and evenly. When seen from the front, the foreleg's appearance is that of parallel columns. The pasterns are strong and slightly sloping. *Fault:* Down in the pasterns. **Feet:** The feet are strongly webbed, slightly oval medium in size, and tight, with well-arched toes and thick pads. Front dewclaws may be removed. *Faults:* splayed or paper feet.

**Hindquarters:** The hindquarters are muscular, broad, and square in appearance. The **croup** is very slightly sloped. The rear and front angulation should be in balance. The upper and lower thighs are very muscular and equal in length. The stifles are well bent. The hocks are well let down, turning neither in nor out. Rear Dewclaws must not be present. *Disqualification:* rear dewclaws.

**Coat:** The Toller was bred to retrieve from icy waters and must have a water-repellent double coat of medium length and softness, and a soft dense undercoat. The coat may have a slight wave on the back but is otherwise straight. Some winter coats may form a long loose curl at the throat. Featherings are soft and moderate in length. The hair on the muzzle is short and fine. Seasonal shedding is to be expected. Overcoated specimens are not appropriate for a working dog and should be faulted. While neatening of the feet, ears, and hocks for the show ring is permitted, the Toller should always appear natural, never barbered. Whiskers must be present. *Faults:* coat longer than medium length. Open coat.

**Color:** Color is any shade of red, ranging from a golden red through dark coppery red, with lighter featherings on the underside of the tail, pantaloons, and body. Even the lighter shades of golden red are deeply pigmented and rich in color. *Disqualifications:* brown coat, black areas in coat, or buff. Buff is bleached, faded, or silvery. Buff may also appear as faded brown with or without silver tips. **Markings:** the Toller has usually at least one of the following white markings – the tip of the tail, feet (not extending above the pasterns) chest, and blaze. A dog of otherwise high quality is not to be penalized for lack of white. *Disqualifications:* white on the shoulders, around the ears, back of the neck, or across the flanks.

**Gait:** The Toller combines an impression of power with a springy gait, showing good reach in front and strong driving rear. Feet should turn neither in nor out, and legs travel in a straight line. In its natural gait at increased speeds, the dog's feet tend to converge towards a centerline, with the backline remaining level.

**Temperament:** The Toller is highly intelligent, alert, outgoing, and ready for action, though not to the point of nervousness or hyperactivity. He is affectionate and loving with family members and is good with children, showing patience. Some individuals may display reserved behavior in new situations, but this is not to be confused with shyness. Shyness in adult classes should be penalized. The Toller's strong retrieving desire coupled with his love of water, endurance, and intense birdiness, is essential for his role as a tolling retriever.

***Disqualifications:***

*Butterfly nose.*

*Undershot bite, wry mouth, overshot by more than 1/8 inch.*

*Rear dewclaws.*

*Brown coat, black areas in coat, or buff. Buff is bleached, faded or silvery. Buff may also appear as faded brown, with or without silver tips.*

*White on the shoulders, around the ears, back of the neck, or across the flanks.*

## **AKC Code of Sportsmanship**

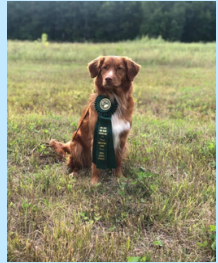

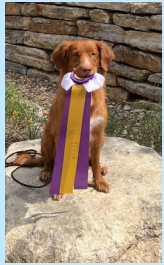

PREFACE: The sport of purebred dog competitive events dates prior to 1884, the year of AKC's birth. Shared values of those involved in the sport include principles of sportsmanship. They are practiced in all sectors of our sport: conformation, performance and companion. Many believe that these principles of sportsmanship are the prime reason why our sport has thrived for over one hundred years. With the belief that it is useful to periodically articulate the fundamentals of our sport, this code is presented.

- Sportsmen respect the history, traditions and integrity of the sport of purebred dogs.
- Sportsmen commit themselves to values of fair play, honesty, courtesy, and vigorous competition, as well as winning and losing with grace.
- Sportsmen refuse to compromise their commitment and obligation to the sport of purebred dogs by injecting personal advantage or consideration into their decisions or behavior.
- The sportsman judge judges only on the merits of the dogs and considers no other factors.
- The sportsman judge or exhibitor accepts constructive criticism.
- The sportsman exhibitor declines to enter or exhibit under a judge where it might reasonably appear that the judge's placements could be based on something other than the merits of the dogs.
- The sportsman exhibitor refuses to compromise the impartiality of a judge.
- The sportsman respects the AKC bylaws, rules, regulations and policies governing the sport of purebred dogs.
- Sportsmen find that vigorous competition and civility are not inconsistent and are able to appreciate the merit of their competition and the effort of competitors.
- Sportsmen welcome, encourage and support newcomers to the sport.
- Sportsmen will deal fairly with all those who trade with them.
- Sportsmen are willing to share honest and open appraisals of both the strengths and weaknesses of their breeding stock.
- Sportsmen spurn any opportunity to take personal advantage of positions offered or bestowed upon them.
- Sportsmen always consider as paramount the welfare of their dog.
- Sportsmen refuse to embarrass the sport, the American Kennel Club, or themselves while taking part in the sport.
